Initial Rental: 1 wks,0 days.

Renter is responsible for proper care when handling or transporting JSS plants and props. Renter is aware that all plants must be protected from the elements: heat, cold, wind, and must be given proper light or damage will result. JSS assumes renter is aware of special needs of plants and if unsure of proper care, they must ask JSS management for written information as to the proper care. The act of returning JSS items does not mean the items are returned in good condition, even if signed as being returned in good order. Customer agrees that damages to JSS materials may be missed or not visible when returned, and damages will appear later. Customer agrees that damages will not be assessed by yard personnel but will be determined by management, and that the results may not be available on return but will be assessed by management at a later date. Customer agrees to pay any loss or damage as assessed by JSS management. Reasonable attorney's fees and costs will be added for collection. Service charge of 1.5% per month will be added to past due accounts. You will be responsible for any costs and fees incurred due to the use of a collection agency.
